Let me welcome you our esteemed readers to the September 2016 edition of the Aloe.

I am very happy to share with you, the success of the City of Windhoek as we continue to shine. Recently we have been awarded a centre of excellence award at the recent jointly held Annual Local Authority Health and Wellness Peer Educators Exchange Forum for 2016 by Alliance of Mayors and Municipal Leaders on HIV/Aids in Africa (AMICAL) with ALAN (Association of Local Authorities in Namibia) and NALAO (Namibia Association of Local Authority Officers).

Worth all our attention is the fact that the month of September marks the start of the examination of the grade 10 and 12 leaners. This thus explains the reason why we are publishing the time table in this edition of the Aloe as per the request of the Ministry of Education, Arts and Culture - Khomas Region Education. It is therefore crucial, that we support our future generations, the leaners in ensuring that they are studying in a conducive environment by minimising any types of noise.

I would like to use this opportunity to invite you to visit our stand at the Windhoek Agricultural Show taking place from the 28 September – 3 October 2016. All the City services will be brought under one roof and made available to our residents. You can also come and learn more about water savings, general enquiries, payments, information sharing etc.

FINKENSTEIN HEALTH WATER DONATES DRINKING WATER TO THE FIRE BRIGADE

Much appreciated... L-R: Snr Station Officer Geoffrey Mayanga, Ms Desdelius Paulus, Stefanus Johannes employees of Finkenstein Health Water handing over water to Chief Raymond Kapia, the head of Emergency Management at the City of Windhoek.

The Finkenstein Health Water Company owned by Ute Finke and her husband Ingo Löb donated 680 bottles of 500ml of water to the City of Windhoek fire brigade.

The couple recently witnessed the City of

Windhoek fire brigade responding to the bush fire on 09 August 2016 in the areas of Herboth's Blick and Neudam Unam Campus near the trans Kahalari highway and surrounding areas. They decided to contribute drinking water for the fire fighters to be used during their operations.

Mentioning of water, it is worth noting that the required 40% water savings target has not materialised yet and it thus requires extra efforts from all residents and visitors to Windhoek to save more water. The latest water saving records indicate that only 32%

water savings has been reached and we are still short of 8% more to meet the targets.

Our combined efforts can make a difference in making sure that each drop counts!

CITY OF WINDHOEK RENEWS COOPERATION AGREEMENTS WITH SISTER TOWNS

L-R: His Worship, Cllr. Eliaser Nghipangelwa, Mayor of Helao Nafidi Town Council shaking hands with Cllr. Mueseke Kazapua, Mayor of the City of Windhoek after concluding the signing ceremony.

The City of Windhoek continues to enjoy fraternal relations with sister local authorities in Namibia and beyond. At national level, these relations are forged in the spirit of nation building; through signed memorandum of cooperations, valid for a period of 5 years. This year many of the agreement came to an end.

As a result, the Mayor led a municipal delegation end of August 2016 to the sister towns of Okakarara, Otjiwarongo, Eenhana, Ondangwa, Ongwediva and Oshakati to renew the expired Cooperation Agreement. "The renewal of these agreements took place at

the time when Namibia has declared war on poverty eradication under the framework of the Harambee Prosperity Plan, where no Namibian should feel left out", underlined Cllr. Kazapua.

In addition, the Mayor emphasised that, Local Authorities are levels of Government closest to the people, who on daily basis have to deal with issues of bread and butter when it comes to the provision of water, sanitation, electricity and housing. Proximity to the people therefore places local authorities at the frontline of eradicating poverty and enhancing the quality of life of all citizens.

Windhoek as a capital City and the biggest municipality in Namibia has a leading role to play, in terms of assisting its sister local authorities through capacity building initiatives and experience sharing.

The Mayor concluded by further highlighting the importance of maintaining strong local authority relationships and networks in order to address rapid urbanisation affecting some municipalities and to sustainably deliver on basic municipal services such as water, sanitation, electricity and housing; and achieve the objectives set out in the Harambee Prosperity Plan.
